Cape Coral Sail & Power Squadron • A Unit of United States Power Squadrons® • District 22

Issue 01-23

January 2023

CCSAPS BUILDING DAMAGED BY HURRICANE IAN Building Closed Until Further Notice

Cooperative Project Between CCSAPS and the Marine Volunteer Unit of the Cape Coral Police Department

by Jim Humphrey, CCSAPS member

At the CCSAPS September General Membership Meeting, Larry Embrey (Manager) and Tommy Senatore (Training Supervisor) provided an informative overview of Cape Coral Police Department's Marine Volunteer Unit (CCPD-MVU). The speakers pointed out that there is a nice fit and spirit of cooperation between our organizations. We both help maintain the beauty and safety of our waterways by educating citizens on water safety, boating etiquette, and applicable laws and ordinances.

Hurricane Ian's winds and surges

not only damaged our homes, boat lifts, and docks, but also waterway aids to navigation (ATON) which mark channel boundaries, entrances, zones, and dangers. THE CCPD-Special Operations Bureau, under the Command of Sergeant Chuck Caruso, was given the responsibility to visually inspect and photograph ATONs belonging to the City of Cape Coral from the Yacht Club to Tarpon Point (West). His crews also filled out United States Coast Guard (USCG) Auxiliary Inspection Reporting Forms for each of the 71 ATONS. This team includes both regular officer and volunteer marine units.

Power Squadron members Russ Hind and Jim Humphrey are also CCPD-MVU crew members on Larry and Tommy's crew. They surveyed the Redfish Point Rim Channel, the Cape Coral Yacht Basin, and the Cape Coral Boat Ramp ATONs. Jim is under training as a First Mate on the CCSAPS Cooperative Charting Team (CoOp). Before Ian, CCSAPS CoOp crews completed many ATON surveys as they have for years, and provided USCG, Lee County, and City

of Cape Coral reports which were then used to replace and repair many navigational aids.

Following the hurricane, CCSAPS Commander Scott Steele authorized the sharing of CoOp Charting survey data as needed. This ATON Survey

effort provides the possibility of FEMA reimbursement to the City of Cape Coral for replacing defective ATONS; expenses that would otherwise been funded by the city. Contact Dennis Pearson (dtpearson@comcast.net), Tessa Buechler (tessabuechler@comcast.net), or Barb Riordan (brriordan2312@gmail.com) if you are interested in joining CCSAPS Cooperative Charting.

COMMANDER'S REPORT

Scott Steele | Commander
ABC/ Cape Coral Sail
& Power Squadron

As I think back over the past 3.5 months, it's been a blur, and not always the good kind. I'm pretty much set us all back in one way or another. But

before I get back into that subject let's highlight a few of the good things from 2022.

We started off the year on a positive note. Having survived Covid, we were really starting to build some positive momentum. We assembled another great group of leaders, committee members and a strong executive committee. Membership has stayed steady and we've added quite a few creative and helpful resources to the squadron. One of our first accomplishments was to revise the bylaws, simplify some processes and reduce the number of general meetings from 10 to 4 per year. Social activities remained monthly and we've continued to have a lot of fun and fellowship. We also reintroduced Squadron orientation sessions for new members.

Education continues to be the foundation of our squadron and we've accomplished a lot. We ran ABC through the summer and graduated a tremendous number of new and safe boaters. Advanced courses were also conducted and received a great response. Neil and his instructors are second to none, and we are well respected in the broader community. Everyone should be proud of our ongoing commitment.

Boating groups, the entertain-

ment committee, vessel safety checks, coop charting and all of our other groups were very active and productive through August. As you'll note on page 1, our coop charting group has worked closely with other agencies to improve navigation and boater safety.

Then the sh*t hit the fan on September 28th. Though it was devastating, we've made some progress. The temporary roof is holding up pretty well. The new roof is on order and we're waiting on an update as to installation. We've had a great group of folks working on room 101. We've got new drywall up and much of the electrical has been improved. The office is also getting back in shape. There are a lot of other fixes that have been made along the way. Taping, mudding and some finishing are next on our list. We are usually getting a crew together once a week to work on the building. I can't thank Carl McGrath and Larry Rich enough for coming in most days, developing a plan and acquiring materials. Zack Seevers has also been instrumental. Many others also deserve thanks and hopefully you've seen them listed in my previous updates. We've been in touch with our insurance carrier and think we are very close to getting the claim estimate and an advance. It's been a slow process. I'm sure many of you have the same issues. Ideally, we'd like to get some functionality back by early February.

Before I talk about what's upcoming, I want to thank everyone for hanging in there. I realize some have asked the question, "Why am I a member when we aren't doing things at the squadron?" It's a good question and I can only respond by saying we have a temporary interruption to normalcy. We've still been boating, we've still had some social

functions, we've still been meeting and most importantly, we've seen the teamwork and efforts from everyone to get things back to normal. As I've said previously, we survived 18 months of Covid. We'll survive IAN reconstruction.

As to upcoming events, things will start to get busier. We've got a group participating in the Fort Myers Boat show in early January. Another group of would be movie stars will be filming with America's Boating Channel the week of January 24th. We have 10 boats and numerous members involved. Nominations are coming for next year's officers, we are developing a rough budget for next year, education is revising their calendar for 2023 and the entertainment committee is putting together some future festive events. Meanwhile, our boating groups are getting back into action after the holidays. Our next general meeting is February 9th 2023. We will have it at the Squadron. It's important that we have a quorum of members to approve the budget and nominations. More information will be forthcoming. Our Change of Watch is planned for February 24th. It will probably be sometime in March for our Merit Mark recognition and dinner.

Again, let me thank everyone for their continued involvement and support of our organization. Hopefully we've been through our 100 year flood event (500 year event?) and we'll see a calmer 2023 and beyond.

Happy New Year!

Is it Really 2023?

By Barret Bonden

Happy New Year! Here is hoping 2023 is a quiet one.

Hopefully all of those with boats will soon be able to get back out on the waterways. Some folks have taken tentative trips out to survey the waters and the coastal damage. No matter what you choose to do, venture out or wait a bit more, there are a few things you can be doing.

Now would be a good time to schedule a free vessel safety check. Some of our members are still certified to do this. This is an easy way to make sure you still have all of the federally required safety equipment on board and it is up to date. They may even be able update you about the status of the waters in your area.

The State of Florida has enacted some new regulations and requirements that will go into effect January 1, 2023, that impact our certified instructors of America's Boating Course. Due to an increase in boating accidents involving passengers falling overboard there are some topics the state wants addressed in class.

The state is now mandating that all basic boating education classes stress to students the danger associated with passengers sitting on anything that is not designated by the manufacturer for seating. This includes seat backs, gunwale, transom, bow, and motor cover. When the boat is in motion it is too easy to fall overboard and being stricken by the boat's propeller or another vessel.

Florida has **not** elected to place a fine on those people engaging in those activities, so in essence they are not "illegal" in the sense you can get a ticket for them. However, you might get stopped and get a stern talking to. Perhaps our legislators believe the consequences of falling overboard are enough of a penalty as it usually results in severe injury or

death. Propellers are not forgiving.

In addition, instructors are required to remind students that anytime there is someone in the water near the boat, the engine should be turned off. When you are attempting to retrieve a person from the water be sure to approach from downwind. You do this to keep the vessel from being blown into the person in the water. Once you are close, turn off the engine before the person gets near the rear of the vessel. Having the boarding ladder next to the propeller makes this a dangerous place if you leave the engine running.

It is also a good idea to turn the engine off when passengers are boarding or disembarking. Too many accidents happen at the dock and again you don't want anyone injured by a rotating propeller.

OK, I know what you are thinking, if the boat is in neutral what danger does the propeller hold. In both situations above, you will have people moving around inside the boat. If one of those people lose their balance there is a chance that they might accidentally put the engine in gear putting the propeller in motion. Don't scoff, it happens.

In the November issue of The Buoys, we discussed the new law governing peer-to-peer boat rentals. That law also goes into effect on January 1, 2023. If you are thinking about renting your boat to others, be sure to read Florida Statute "127 327.54 Liveries; safety regulations; penalty". Copies this can be found online.

"Stay Safe on the Water"

Barret Bonden, a recurring character in the Patrick O'Brian seafaring novels, is the nom de plume for one of our many safe boating instructors at America's Boating Club Cape Coral.

TIME TO GET YOUR ANNUAL VESSEL SAFETY CHECK (VSC)

Even if you pay careful attention to safety, dangerous mechanical problems can crop up on the best-maintained boat. That's why the U.S. Coast Guard recommends that all recreational boaters (including personal watercraft users) take advantage of the free Vessel Safety Check (VSC) program every year. VSCs are offered by experienced members of the U.S. Coast Guard Auxiliary and the United States Power Squadrons, two of the nation's premiere volunteer boating safety organizations.

A VSC is your best way of learning about problems that might put you in violation of state or federal laws or worse, create danger for you or your passengers on the water.

Contact us by phone @ (239) 549-9754 Wednesday and Saturday 9:00 a.m. - noon, or email buechlercraig@yahoo.com to schedule yours today, or contact the individual who performed your VSC last year to ensure your boat is safe and in compliance with local, state and federal requirements.

SQUADRON EDUCATION OFFICER

LT/C NEIL PIGNATANO, SN
SQUADRON EDU. OFF.
EDUCATION@CCSAPS.ORG

SEO'S Notebook

Happy New Year to everyone. Hopefully, most of you were able to take some time off from your hurricane recovery efforts and celebrate the holidays for at least for a little while. Thanks to an army of volunteers (and some professionals), work on restoring our building is proceeding. With the reconstruction of the first-floor office and the grand ballroom (a.k.a. Room 101), some classes are expected to resume in February. A revised, and somewhat abbreviated, education schedule through June is at the end of this article. Please note that all plans presented are subject to change, depending on how much progress is made.

Advanced classes will resume in March, in Rm 101. Both Boat Handling and Marine Navigation were in process when the hurricane struck. These classes will start again, from the beginning, on March 7. Marine Navigation will run for eight weeks, one class per week, at 2 PM. Boat Handling will be held over the course of seven weeks, one class per week, at 7 PM. Online registration is available for these two courses should anyone else wish to attend. Register here: <https://www.usps.org/cgi-bin-nat/eddept/800/cfindx.cgi?L>

Two seminars are scheduled for February. Using VHF and VHF/DSC will be held on February 21 at 2 PM for two hours. Register here: <https://www.usps.org/cgi-bin-nat/eddept/800/cfindx.cgi?S>

Introduction to Charting/Navigation will take place on February 23 at 7 PM for two hours.

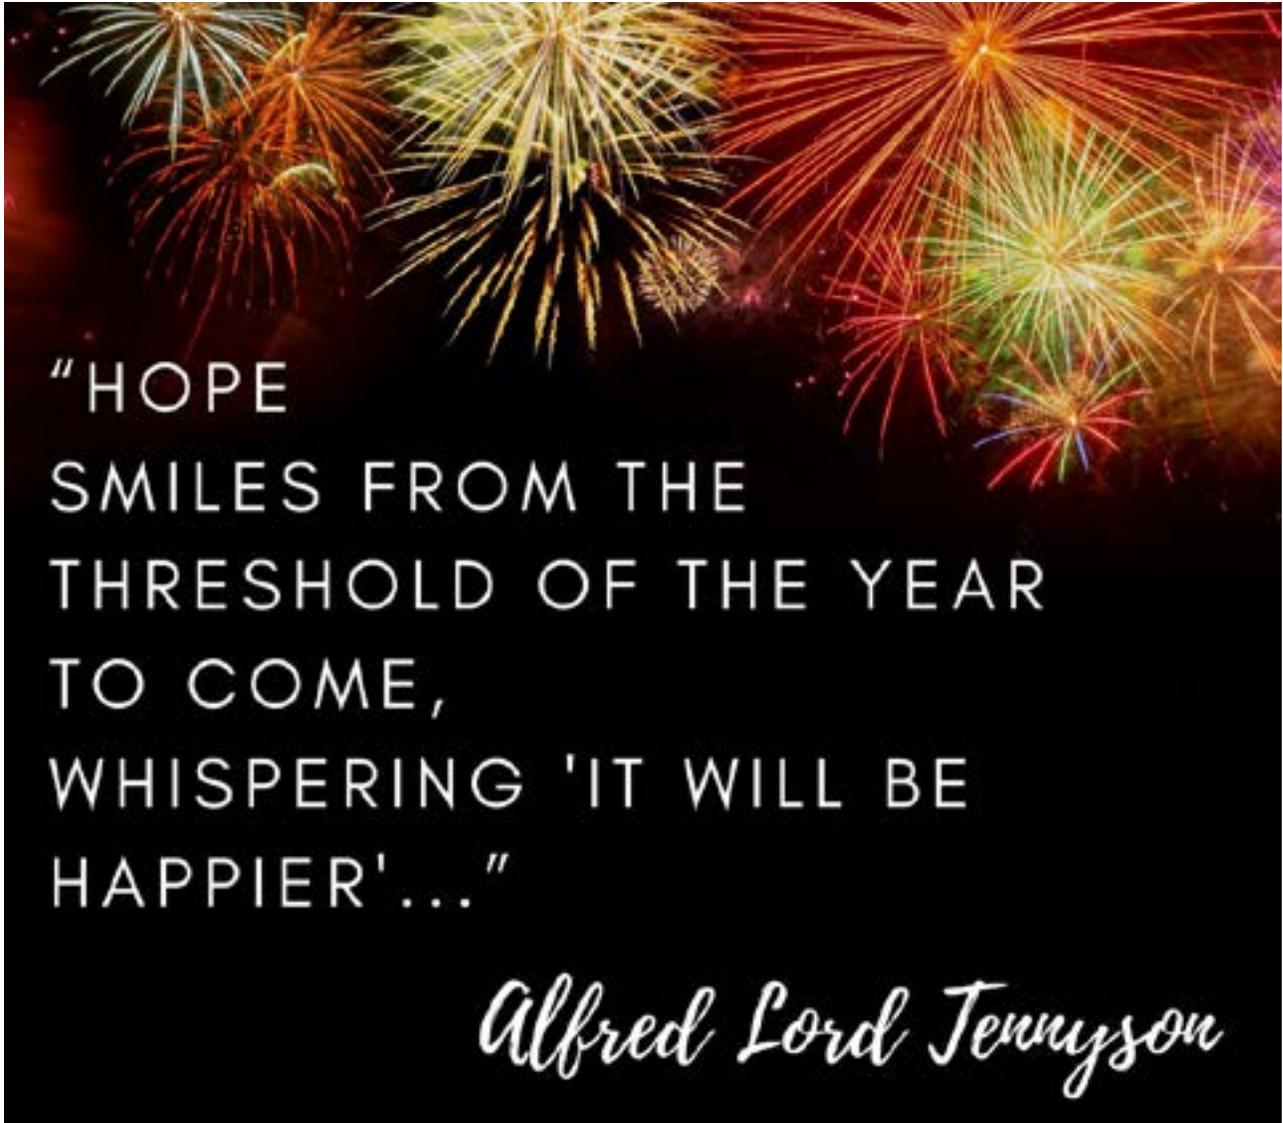

Advanced/Elective Courses

2023						
	Title	Date	Time	Location	Instructor	Duration
March	Boat Handling	03/07/23	7:00 PM	Rm 101	Garcia/ Seaby	7 weeks
	Marine Navigation	03/07/23	2:00 PM	Rm 101	Pignatano	8 weeks
May	Boat Handling	05/09/23	7:00 PM	Rm 101	Schneider	7 weeks

Seminars

2023						
	Title	Date	Time	Location	Instructor	Duration
February	Using VHF	02/21/23	2:00 PM	Rm 101	Pignatano	2 hr

LIFE JACKET LOANER PROGRAM

This program is a valuable public service. Please pass the word among your boating friends that life jackets are available to borrow at the Squadron, at no cost, for visiting children or grandchildren. We also have life jackets for adults and four legged friends. Contact the Squadron for more details.

THIS PROGRAM WILL RESUME ONCE THE SQUADRON BUILDING IS OPEN AGAIN.

Request for Volunteers from the Commander

We have been selected to participate in the creation of multiple videos for America's Boating Channel. The primary topic we are assigned is "Navigating Locks." Though the Chiquita lock is not in operation we can still use it for video. We also have the opportunity to be featured in parts of other videos. There are nine additional videos to be created.

The kick-off event is the evening of January 23rd at the squadron for those participating. This will be social and also provide more information, answer questions, etc. If you can't make it, that's not a problem. The video shooting will be January 24th through the 28th. As in the past, volunteers will be contacted directly by Marty Lafferty in advance and you can work out availability during the week and preferences. I've participated in the past and it's a great experience and a lot of fun.

If interested, please contact me with Captain name, boat name and length, phone number and email by December 31 at commander@ccsaps.org.

New Members

Donald Spurr
 Todd Getts
 Leah Getts
 Edmund Getts
 Henry Getts

Members Assisting with Dry Wall Installation In the Squadron December 2022

VOLUNTEER OPPORTUNITIES AND ACTIVITIES HAVE RESUMED. CHECK OUT THESE LISTINGS AND GET INVOLVED!

ROOMS IN THE SQUADRON BUILDING WILL NOT BE AVAILABLE TO RENT UNTIL WE ARE CLEARED TO REOPEN.

HAVE YOU CHANGED YOUR E-MAIL OR PHONE #? IF SO, SEND YOUR UPDATED INFORMATION TO: CCSAPS Secretary: E-MAIL: secretary@ccsaps.org

SOCIAL MEDIA MANAGER WANTED

We are looking for members who enjoy using social media, including Facebook, Instagram and Twitter, to organize and orchestrate our social media presence We started our Facebook page a few years ago, and use it to publicize events that are open to the public, such as ABC classes. We post and repost videos and articles of interest from USPS and other boating-related sites, with oversight by our administrative and media relations officer, Jeff Maddy. If you would be willing to volunteer for this social media group, contact Jeff Maddy, AP at adminofficer@ccsaps.org

The Ft Myers Boat Show is scheduled for January 5-8, 2023. As usual we will man the America's Boating Club booth on Friday the 6th. The booth will run from 10AM to 6PM. As in the past we will schedule 4, 2hour shifts, 10-12, 12-2, 2-4, and 4-6. We would like to have 4 people during each shift. Admission to the show is free for those that stand a shift,

I will fill the spots on a first come first serve basis. For those who wish to volunteer, please let me know and include your phone number and a good email.

As a result of damage from Ian , there will be no "in water" show. It will all be land based.

Leo Lalley, S, Exec. Officer 651-925-7791

SQUADRON

HELP WANTED

RENTAL CHAIRMAN

- Review rental files as they come in.
- Check to make sure payment was received, seating diagram received and door codes were issued.
- Go over checklist with renters.
- Give instructions to our cleaning staff
- Make up new rental files as needed.
- Conduct walk thru after rentals.
- Keep the schedule in Rental Book current.
- Check the cooling (AC) remotely

ASSISTANT RENTAL CHAIRMAN

- Arrange and verify set-up crews for rentals.
- Check to see that the diagram is received and posted.
- Check the building after rentals and report back to the rental manager and treasurer.

CERTIFIED VESSEL INSPECTORS

- Complete short training course
 - Inspect vessels for safety and place CG sticker
- Contact: Craig Buechler buechlercraig@yahoo.com

EVENT SETUP

- With other team members, set up and takedown chairs, tables (about once a month)
- Contact: Marge Maciag margem5@gmail.com
Rick Clements retiredrick@yahoo.com

ENTERTAINMENT COMMITTEE

- Help in kitchen and hall, setting up for monthly dinner/social events. Have fun organizing our social events!
- Contact: Jeff Maddy: adminofficer@ccsaps.org

LIFEJACKET LOAN COORDINATOR

- Organize, manage and maintain the lifejacket load closet.
- Contact: Jeff Maddy: adminofficer@ccsaps.org

ASSISTANT RENTAL CHAIRMAN

- Arrange and verify set-up crews for rentals.
- Check to see that the diagram is received and posted.
- Give instructions to our cleaning staff
- Check the building after rentals and report back to the rental manager and treasurer.
- Make up new rental files as needed.
- Conduct walk thru after rentals.

CCSAPS BOATING GROUPS

Plan to add your name to the roster of one of our boating groups:

WEEKENDERS & WEEKDAYERS

Weekenders boat-a-long to waterside restaurants and meet periodically to plan future trips.

For more information, or to get on their mailing list, please contact weekenderboating@gmail.com.

Doug Brenton leads the Weekdayers. This group goes out for lunch at a waterfront restaurant on Tuesdays or Thursdays. The next Weekdayers outing will be in January. For more information, or to get on their mailing list, please contact dwbrenton@gmail.com.

CO-OP CHARTING

The Co-op Charting Group normally meets the second Tuesday of the month at Squadron Harbor. If you are interested in joining Co-Op contact us directly. ccsapscoopch@gmail.com.

CRUISE & RENDEZVOUS

Cruise and Rendezvous cruises to marinas and resorts for overnight stays and also sponsors two dinner events at the squadron during the year. Their events for the rest of 2022 have been canceled.

KAYAK GROUP

The kayak group normally paddles area waterways on the third Tuesday of the month. Do you want to participate in these monthly kayak trips? It's easy! Send your contact information to Jeff Maddy at adminofficer@ccsaps.org

FISHING GROUP

The fishing group normally meets at the Squadron building on the second of the month. These will resume when the building opens.

If you wish to receive notice of upcoming group meetings and other events, please send your name and current email address (phone number optional) as soon as possible to: fishingccsaps@yahoo.com

SAVE THE DATE!

District 22 Spring Conference

April 21, 2023 - April 22, 2023

SpringHill Suites has allotted us only 25 rooms at \$159 or \$169 per night. Rate available Thursday, April 20 through Sunday, April 23.

Two nights minimum for this rate. Last day to book is March 30, 2023.

The link is: [BookYourGroup/Corporate Rate/Marriott International](#)

Report of the Nominating Committee

In accordance with section 6.8 of our Bylaws: "The Nominating Committee shall select a candidate for each elective office and for the chair and members of each elective committee provided for therein. It shall submit its' written report to the Secretary at least 40 days before the annual General Meeting."

This report was submitted to the Secretary on 28 December 2022. In accordance with section 9.3 of our Bylaws: "The Annual General Meeting shall be held on the second Thursday of February at Squadron Harbor at which time election of officers and members of the elective committees shall be held." Written notice of this election has been published in the January 2023 issue of "The Buoys".
